

Service Kits

The service kits contain all required parts for the maintenance interval according to the factory requirements. The use of the L&W service kits ensure that all required parts are ordered and be replaced and gives you the assurance that all parts are included in your order. The service kits include, depending on the model and interval parts such as O-Rings, Sinter Filter, Intake Filter, Silencers, In-& Outlet Valve, Valve Seals and Compressor oil.

Note: The service kits do not include V-belts.
